

I am opposed to RM-11306.

This proposal is not in the best interest of the amateur radio community. The FCC does not have the funding to enforce or police the amateur bands in there current state. RM-11306 would create more needless regulations and further segregate the bands.

As an amateur radio community need to align our band plan with the rest of the world; continue our self-policing and reduce unenforceable regulations. In order to preserve the future of the radio art we must reject RM-11306.

Sincerely,

Brent R. Desautel – W1IA
